

Guard Enterprise License Agreement (EULA)

1. License Grant: Customer receives a non-exclusive, non-transferable right to use Guard under the licensed edition.
2. Restrictions: Customer may not redistribute private keys, bypass license enforcement, or reverse engineer signature logic.
3. Term: License validity is defined by `not_before` and `not_after` timestamps.
4. Audit & Governance: Guard may generate governance artifacts locally. No telemetry is transmitted.
5. Warranty Disclaimer: Guard is provided AS IS without warranty of any kind.
6. Limitation of Liability: Liability is limited to the amount paid under the license.
